HANN'S RAW BONE SUPER PHOSPHATE.

The unexampled success of this renowned manure during many years, has won for it a reputation which few other fertilizers can claim. Its sales are very extensive in all parts of the country, especially in those parts of the South where cotton and corn are largely grown. So decided and positive have been its results on these important stapies, that in many sections it is preferred to all other manures.

Whann's Raw Bone Super Phosphate

is prompt and ective in its effects. It starts the young plant vigorously, and by furnishing a steady supply of nutriment during the period of its growth, brings the crop to a healthy maturity in time to escape the ravages of early frosts. We offer this well-known fertilizer to our friends, confid at that they will concur in the o inion of the leading planters of the South, that for Cotton and Corn it is un-

LOCAL BRIEFS-

The trains yesterday were crowded with departing Grangers.

No meeting of Raleigh Grange today. See notice elsewhere.

In a short time our merchants will start North to purchase their Spring

The erection of quite a number of private dwellings has been commenced in Western Ward. We learn that a colored woman in the southern portion of this county

recently gave birth to four infants at one pop. We understand that the Baptists of this city will soon take steps toward the erection of the proposed

new Chapel. "When the Spring time comes, gentle Annie," the erection of a num-ber of elegant buildings will commence in this city.

Col. Perry has placed us under obligations for some of the finest chewing tobacco we ever tasted. It was sent to him by a friend.

Messrs. W. C. Stronach & Co., dealers in coal, wood, timber, shingles, etc., advertises elsewhere this morning. See notice.

T. H. Selby, Receiver, advertises in another column for sale at auction the office furniture of the N. C. Mutual Life Insurance Company. See The condition of Fayetteville and

compare favorably with a cross road 15 miles from any postoffice or habitable dwelling. It is rumored, with what amount of truth we know not, that Gov. Caldwell intends shortly calling the Leg-

Wilmington streets will just now

islature together to take some action in regard the State debt. A certain Judge (?) in a recent cas tried before him said, after the jury had returned a verdict in favor of the defendant, and after voluntarily grant-

ing a new trial, "a man may commit

a fraud and have some excuse for it,

but a jury who would cover it up would work for the devil and board themselves for nothing." Prof. C. B. Fairchild, of this city, but late of Binghampton, N. Y., has presented the congregation of the Methodist Episcopal Church, South, of Charleston, West Virginia, with a beautiful pulpit Bible. It is hand-

Turkey morocco, and proves a most acceptable gift. It has been solemnly decided not to build the proposed government building in this city out of cotton, as the Supervising Architect thinks there is none in the State fit to be used. The knowing ones say that papier mache is the material most likely to be used. Heavy Northern

somely and substantially bound in

contracts are expected. In the arrangement of the pro ceedings of the meeting of the University Board of Trustees, in our columns yesterbay morning, they became somewhat mixed. The election of Gov. Graham as President of the Board occurred immediately after the reception of the letter of Gov. Caldwell refusing to recognize the Board officially. This was the only material damage done by the disarrangement.

Father McNamara's proposed Immigration Convention, on the 17th prox in this city, is exciting a good deal of interest, not only in this State but elsewhere. The reverend gentleman is receiving daily letters of endorsation and encouragement, and is besought to continue in the course he has marked out for himself in this matter. We hope that the proposed Convention will prove a success, and that the results flowing therefrom will reflect credit upon the projectors and redound to the material interests

of the whole State. The Radical city politicians have set the political cauldron to bubbling and boiling. The chief wire-pullers are holding nightly caucuses. Wes-ley Whitaker, the present Mayor, looks a little sad, but we think he will get the nomination for re-election without much serious opposition. The temperance movement will give the election in May a novel feature in this latitude. A good many aspirants for places on the Board of Commissioners, &c., don't know whether to swear off or keep to hard drink. We hope the Grangers will keep their hands off.

THE MANDAMUS SUIT AGAINST THE STATE AUDITOR DISMISSED.-The suit of August Belmont & Co. against the State Auditor came up this morning before his Honor, Judge Watts, at Chambers. Walter J. Budd and R. C. Badger appeared for plaintiffs, Messrs. Smith & Strong, Fuller & Ashe and the Attorney General for defendant. After reading complaints by Mr. Badger, the counsel for defendant made a motion for dismissal of

suit because 1st. Want of proper verification of complaints. 2d. That no demand had been made upon the defendant according

Our Senior Partner has just returned from New York where he has been for sevdays making purchases at panic prices, to supply the deficiences in our stock made by our unexpectedly good trade this season. In returning our thanks to our patrons, we say to them and the public, that our late purchases were made at a very great decline, and that we are now selling our stock at such prices as to justify us in saying that such bargains have not been offe ed since the war.

We have a good supply of Burt's Ziegto the prayer of complaint. 3d. That under the acts of 1869-'70, the Judge sitting at Chambers has not jurisdiction to grant a mandamus where the subject matter is a de mand for money.

The Court overruled the two first objections, but sustained the third, and dismissed the proceedings. One case is to be carried up on appeal to the Supreme Court and the remaining three will be heard at the next regular term of the Superior

THE PENITENTIARY.-In company with a number of Caswell, Person, Rockingham and Orange county Grangers, we, on yesterday, visited the Penitentiary, where, through the kindness and courtesy of John R. Harrison, Esq., one of the Board of Directors, we were shown around the grounds, through the buildings, &c. Work upon the main building is progressing as rapidly as the weather and circumstances will admit. Huge piles of dressed stone are ready to be placed in position, only awaiting the opening of Spring. We had occasion to notice a marked difference between the work performed by the convicts and that which was done under the Coleman contract, there being at least 50 per cent in favor of the convict

The work on the outer wall is

going forward with a vim, and we are satisfied that when it is completed it will be the most powerful, massive and complete structure South of Washingian city. All labor (with the exception of a few skilled workmen as oversees) is performed by convicts and under the able and efficient management of Capt. Thompson, Warden, who has inaugurated a system perfect to a fault, the work is being pressed forward. There are now nearly four hundred and fifty convicts within the stockade, but so systematically arranged are the working parties that a casual observer would not think one-third of that number were present. We visited the cells, the dark dungeon, the wash rooms, cook rooms, bakery, shoe shops, blacksmith shops, tin shop, tailor shop, quarry. stables, &c., and were pleased to observe the same good system and excellent management heretofore extend premanagement heretofore stated, prevailed in each and every one of the departments. The health of the Institution was never better, there being only a few invalids in the hospital, with no serious cases. The Legislature, at its last session, made an appropriation of two hundred dollars for religious purposes, and it is contemplated to have Divine services in the Chapel every Sunday hereafter. We have before referred to the officers, and also the general management of the Institution, and we have no reason to change our previous assertion, that a better or more competent set could not be selected from the party that placed them in position, and we hope to see them just where they are until our party gets

A VIRGINIAN TAKES A LOOK AT THE GRANGERS OF THIS STATE.-A correspondent of the Richmond Enquirer, over the signature of "Virginia," writing from this place, gives the following interesting sketch of the Grangers recently assembled in this

in power.

eity:
"The city is full to overflowing of those who-

—"here disporting, own the kindred soil," Andask luxuriance from the planter's toil." As their sessions are secret, and your correspondent is unfortunately an outsider, he can give you really no farther report than such as the Grange may see fit to publish to the world. It is no difficult matter, however, to infer from the character of the individuals composing the body what their action would be. With a view of testing the material of which the Grand Lodge is composed, your correspondent has made the acquaintance of many of the members, and he thinks he can safely say that they are seriously intent upon protecting themselves, while they make war on no other interest or class. That they are setting about this work discreetly, wisely, well, and yet with a fixedness of purpose that must insure success, no one who talks with the most

intelligent can doubt. "There is no swagger, no boastfulness, no offensive propagandism, evidenced in the bearing of the Grangers; but, on the contrary, a quiet pursuance of their own purposes, in their own way, with a determined look about them, which seems to say: While we jostle nobody, we intend to occupy this sidewalk and follow the even tenor of our way, despite monopolists, middle-men, moneyed men, or political manipulators, maneuvre as they may.' In other words, they look as if they meant business.' The Grand Master is a fine specimen of the Southern planter, though he writes his name with an 'M. D.' Commanding in person, his head is as level as it is gray. He looks every inch a freeman, and as if his freedom was the same in every

"And no condition of this changeful life so manifold in cares, whose every day Br ugs its own svil with it makes it less."

"If the crowd now filling the saloon of the Yarborough House be a fair specimen of the material of which the Granges are made up, we may well believe that this organization will very soon become 'a power in the land.' Whether they will continue to confine themselves to the purposes they profess—the advancement of the material interest of the agricultural classes-their education and enlightenment—we cannot tell but this we may safely say, should they ever conclude to exercise a political influence in the country, Heaven help the unfortunate politican who butts his head against that stone wall!"

THE LAST DAYS OF THE SESSION of the Legislature.—A correspondent of the Richmond (Va.) En quirer, writing from this place, gives brief sketch of the Legislature which adjourned here on Monday, and concludes with his opinion of its closing days:

"Your correspondent would be glad to be able to give your readers some synopsis of the work done in the closing days of the session, but as he happens not to have been born and raised in the Wall street gold-room, nor in an English rookery, he failed utterly to comprehend the nature of the bills that were run through like ears of corn through a 'patent doublebarrelled corn-sheller,' and which, if ever found by the efficient clerk and recognized by the honorable Speaker, will become the laws of the land."

WHAT'S IN A NAME?-We were of the opinion that "mine host" of the Yarborough House had acquired almost a world-wide reputation, and that his name was known from Dan to Bersheba. The Raleigh correspondent of the Richmond Enquirer, however, dissipates this illusion, for

MURDER IN STATESVILLE.—We learn from special telegrams to the Richmond Enquirer that J. D. Elliott, manager of the St. Charles hotel, Statesville, on Thursday morning last shot and instantly killed Chas. | July, was in the city yesterday. Our readers should notice his advertiselast shot and instantly killed Chas.
T Neal, son of T. D. Neal, Esq., of
Richmond, Va. It appears that
some difficulty had arisen between
Neal and the Elliots, father and son,
in regard to some reports which it in regard to some reports which it was alleged that Neal had put into circulation. It seems that Neal had been requested to settle his bill and leave the house, as they did not want him to stay longer, and when the bill was presented a dispute arose as to the correctness of the amount. Nothing more was said about the matter until the morning in question, (Thursday,) when Mr. Elliott, Sr., stepped up to Neal while he was talking to Dr. Mott, and, placing his hand on his shoulder, told him that he must leave his house. Neal's reply was, "I reckon not," at which Joseph Elliott, son of the proprietor, drew a pistol and fired without speaking a word. The shot took effect in Neal's left side, near the heart. Neal remarked that it was a cowardly act and died instantly. Elliot is now in jail. No further particulars could be learned of the unfortunate affair.

TRINITY COLLEGE ITEMS.—A Trinity College correspondent furnishes us with the following items from that section:

The Good Templars of Trinity, High Point, Thomasville and Lexington are increasing rapidly, and

are accomplishing great good. The fine barn of Mr. John Bain, of High Point, with its entire contents, grain, forage, potatoes, farming utensils, two large new wagons and four head of fine cattle, was destroyed by fire on Tuesday night. Though not large, it was one of the best constructed barns in the State, and the stock burned were of superior kind. The cause of the fire is not positively known, but is supposed to have been the work of an incendiary. The loss is over \$10,000, and there is no insurance. Prof. Gannaway, of Trinity Col-

lege, is quite ill. THE OLD NORTH STATE MIN-STRELS LAST NIGHT.—The performance of the Old North State Minstrels last night, at Tucker Hall, was very liberally attended and gave general satisfaction. The troupe is com-posed of members of the Citizens' Cornet Band, of this city, native talent altogether, and notwithstanding their lack of stage experience, performed many of the burnt cork comicalities with as much efficiency as any of the travelling troupes. The "circus" or "four years with Barnum. an exceedingly ludicrous 'take off" or burlesque of the arena, was decidedly good and furnished a great deal of amusement. We are

glad to know that the receipts reach-

ed the expectations of the troupe,

and will prove highly beneficial to the band. SOUTHERN HOTEL.-This wellknown and popular house, located in the good old and historic town of Halifax, has recently passed into the hands of Mr. George Gilliam. The Southern is a new, commodious and elegant building, and all of its arare rangements made with an eye to comfort and convenience. It has recently been refurnished, and is to-day one of the best kept and most comfortable hotels in the South. It is a credit to the Roanoke section, and cannot fail of giving entire satisfaction to the traveling public. Its table is always furnished with the best the surrounding country and the Norfolk, Petersburg and Wilmington markets can afford.

SUPREME COURT.-Friday, Feb. 20th. Court met at 10 o'clock, a. m. All the Justices present. The following appeals were called

and disposed of as follows: J. J. Crump et al., vs. C. F. Faucett tal., from Chatham. Argued by J. H. Headen for the plaintiffs, and B. I. Howze and John Manning, Jr., for the defendants. W. G. Albright, Adm'n. vs. Alsa

Mitchell, from Chatham. Argued by E. S. Parker and Smith & Strong for the plaintiff, and Batchelor and Edwards and J.H. Headen for the defen-

Court adjourned until 10 o'clock, a. m. to-morrow (Saturday.)

NOTICE OF GRANGE ADDRESSES. We are authorized to announce that T. A. Thompson, Lecturer of the National Grange, will address the people in the interest of the order of Patrons of Husbandry at the following times and places:

Winton, Hertford county, on Tuesday the 24th inst., at 12 o'clock m. Edenton, Chowan county, Thursday the 26th inst., at 12 o'clock

Elizabeth City, Pasquotank county, Saturday the 28th inst., at 12 o'clock

State papers in the neighborhood of the locality are respectfully requested to copy.

ADJOURNMENT OF THE STATE

GRANGE.—The State Grange was in session a short while yesterday morning concluding the business in which it has been engaged for the last three days, when it adjourned to meet in this city again in February next. The Grangers express themselves as highly gratified with what they have accomplished, and return to their homes more than ever determined to push forward the work in which they are engaged.

EVANS' INDEPENDENT.—Capt. T. C. Evans is in the city making the necessary arrangements to firmly establish his *Independent*, which has been suspended a few numbers. Evans is a working man, and as he is determined to establish his paper the public may look out in a few days for the Independent'as hot and saucy as ever.

A young man who can neither sing nor play treated his girl's bed room window, late Monday night, to a recitation. The piece selected was that which so vividly calls attention to the boy who stood on the burning deck, which, considering the temperature of this season, is full of comforting passages. His fervid oratory and graceful gestures, as he stood there alone, up to his knees in snew, made he speaks of him as "the thoroughly well-bred gentleman, Dr. Bagwell." our history as a village.

Dr. G. K. Bagby, the Proprietor of the Kinston Hotel, and the manager of the proposed grand gift concert to come off in Kinston on the 4th of ment in another column. For local agents at this place, see bottom of the advertisement.

GREATLY REDUCED PRICES.

A WASHINGTON special says that CAMERON's free banking bill is de. veloping more strength as the financial question draws near its close.

A WASHINOTON special says that Senator MERRIMON'S amendment, for the inflation of the currency by forty-six millions, will probably be adopted.

CARPENTER will soon bring up his bill before the Senate for a new election in Louisiana. Next to a recognition of the McEnery government, the Democratic Senators favor a new election.

IF Gov. CALDWELL believed his nomination necessary to the validity of an appointment of a Trustee of the University, why did he make no nominations to the Senate while it was legally in session?

THE great need in North Carolina is educated teachers. These her University would in part supply. Her Governor interposes to prevent its reopening, and thus prevents a supply of this demand.

THE Government has been somewhat repaid for the millions of dollars it has spent in inducing the poor Indian to go to war with us. Gen. SHERIDAN announces the killing of ten Comanche Indians. Bully for our army.

THE question of having the great Centennial of 1876 in Washington instead of Philadelphia is now being agitated, the National Republican joining in the cry. We don't see how the City of Brotherly Love could survive such a calamity as the loss of this cherished hope.

IF Gov. CALDWELL be indeed a friend of the University, and has doubts as to the legality of the action of the Legislature in the matter of Trustees, why could he not have removed that doubt by issuing commissions to the gentlemen elected by the Legislature as Trustees, and thus have quieted their titles.

THE Board of Trustees of the Uni versity, as soon as it met, informed the Governor of the meeting and invited him to preside over its deliberations. Would it not have been a graceful thing to have waived the technicality and accepted the invita-

Would it not have been the proper thing, when the great importance of the revival of the University is considered?

FIFTY-ONE Home-Rulers are among the Irish members of Parliament chosen in the late elections. If those of them who come from the North of Ireland are like their predecessors, DISRAELI will find them the backbone of his party, for they are such good Conservatives that they "never waver, always answer the whip, and take all fences but one," that of compromise with the Catholics.

Some wiseacre in the Ohio Legislature, fired with a laudable zeal, has prepared a bill to put an end to the emotional-insanity dodge. It provides that, when insanity is pleaded as a defense to a criminal charge, the accused shall be examined by a special jury. If found to be sane, the plea fails, and the trial proceeds. If really insane, he is to be sent to a lunatic asylum, and kept there until | tees, constitute the Executive Compermanently cured, whereupon the mittee of the Trustees of the Univertrial is to be resumed. On what principles of law or equity any one is to be tried for anything done during insanity, the bill does not say. It might be styled a bill to make insanity a crime.

WE GIVE below two letters emana. ting from ToD R. CALDWELL, by the grace of Radical votes, Governor of the State of North Carolina. They relate to the matter of the appointment of Trustees of the University. The first was written in reference to an official communication from the Senate informing him that that body would go into Executive session on the afternoon of the 14th of February inst. for the purpose of considering such further nominations as he might desire to make. The Senate had previously considered all the nominations made by the Governor for the various charitable and penal institutions of the State. Our readers will see that in this letter the Governor distinctly states that he knows of no office to be filled originally and no vacancy to be supplied which required any nomination to be submitted by him, and yet up to that time no nominations for Trustess of the University had been made or considered.

The second letter is in response to a resolution, passed by the Trustees of the University, inviting him as Governor and ex-officio President of the Board of Trustees to preside over their deliberations. In that letter he says: "I am of the opinion that the Legislature had no right, under the Constitution, to elect Trustees for the University, but that it is an Executive function to nominate Trustees and submit his nominations to the Senate for confirmation,"

We make no comments, but let the letters speak for themselves:

EXECUTIVE DEPARTMENT, Raleigh, N. C. Feb. 14th, 1874. Hon. C. H. Brogden, President of the

I have the honor to acknowledge

the receipt of your communication of yesterday, informing me that the hon-orable body over which you preside will sit in Executive session this afternoon at 3 o'clock for the purpose of considering such further nomina-

In reply I have to say that I know of no office to be filled originally and no vacancy to be supplied which requires any nomination to be submitted by me to an Executive session of the Senate.

I have the honor to be, Very respectfully your Obedient servant, TOD R. CALDWELL, GOV.

EXECUTIVE DEPARTMENT,) STATE OF NORTH CAROLINA, Raleigh, 18th Feb., 1874.

To Hon. W. A. Graham and others, GENTLEMEN: -I am in receipt of a resolution passed by a body purport-ing to be Trustees of the University of North Carolina, inviting me, as Governor and ex-officio President of the Board of Trustees, to preside over

the body now in session. It would, I assure you, afford me pleasure to comply with your wishes and accept your invitation, were it not that I entertain a decided opinion that your body have not been constitutionally elected to the offices of opinion that the Legislature had no right, under the Constitution, to elect Trustees for the University, but that it is an Executive function to ment. nominate Trustees and submit his nominations to the Senate for confirmation. Entertaining these views, and with great respect to you collectively and individually, I feel it my duty to decline your invitation and refuse to take any part in your deliberations.

I have the honor to be Very respectfully, Your ob't serv't, TOD R. CALDWELL.

WE PUBLISHED yesterday morning the proceedings of the Board of Trustees of the State University, which met in this city on the 18th inst., in pursuance of an act of the late session of the General Assembly. Included in the proceedings was a letter of Governor CALDWELL, declining his official recognition of the Board upon the grounds that it was not constituted as required by the Constitution of the State. We give below such extracts from that instrument as will furnish our readers with such information as is necessary to a correct judgment of the conduct of the Governor.

Sec. 5, Art. 9, of the Constitution provides as follows:

"The University of North Carolina, with its lands, emoluments and franchises, is under the control of the State, and shall be held to an inseparable connection with the free public school system of the State.' Sec. 7 of the same article provides

as follows: "The Governor, Lieutenant Governor, Secretary of State, Treasurer, Auditor, Superintendent of Public Instruction and Attorney General shall constitute a State Board of Ed-

Secs. 13, 14 and 15 of the same ar-

ticle provide as follows: SEC. 13. The Board of Education shall elect Trustees for the University as follows: One Trustee for each county in the State, whose term of office shall be eight years. The first meeting of the Board shall be held within ten days after their election, and this and every subsequent meet-ing, ten Trustees shall constitute a quorum. The Trustees at their first meeting, shall be divided, as equally as may be, into four classes. The seats of the first class shall be vacated at the expiration of two years; of the second class, at the expiration of four years; of the third class, at the expiration of six years; of the fourth elass, at the expiration of eight years;

so that one-fourth may be chosen every second year. SEC. 14. The Board of Education and the President of the University, shall be, ex officio. members of the Board of Trustees of the University; and shall, with three other Trustees, to be appointed by the Board of Trussity of North Carolina, and shall be clothed with the powers delegated to the Executive Committee under the existing organization of the Institution. The Governor shall be, ex officio, President of the Board of Trustees and Chairman of the Executive Committee of the University. The Board of Education shall provide for the more perfect organization of the

Board of Trustees. SEC. 15. All the privileges, right, franchises and endowments heretofore granted to, or conferred upon, the Board of Trustees of the University of North Carolina by the charter of 1789, or by any subsequent legislation, are hereby vested in the Board of Trustees, authorized by this Constitution, for the perpetual benefit of

the University. This was the method of election of Trustees under the Constitution of 1868. The General Assembly, at its session of 1872, by a three-fifths vote of both houses, adopted the following amendment upon this subject. which was subsequently ratified by the Legislature of 1872, two-thirds of the whole representation in each house of the General Assembly concurring submitted to the people at the election held in August last, and by them ratified by majorities reaching nearly 40,000:

The General Assembly of North Carolina do enact, (two-thirds of the whole representation in each House of the General Assembly concurring, That the Constitution of this State

be altered as follows, to-wit: Strike out the fifth section of the ninth article, and in lieu thereof, insert the following: "The General Assembly shall have power to provide for the election of Trustees of the University of North Carolina, in whom, when chosen, shall be vested all the privileges, rights, franchises and endowments thereof, in any wise granted to or conferred upon the Trustees of said University; and the General Assembly may make such provisions, laws and regulations from time to time, as may be necessary and expedient for the maintenance and management of said University. Strike out sections thirteen, four-

teen and fifteen of the ninth article, relating to the University of North Carolina Ratified the twenty-fourth day of

February, 1873. Under this amendment, so endorsed

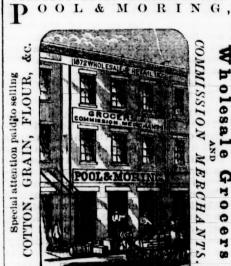

by the people, the Legislature just adjourned elected the Trustees whom the Governor has refused to officially recognise. The wording of the amended Constitution is plain .tions as I, as Governor, may desire to The power of election is taken from the Board of Education, where it was vested by the Constitution of 1868, and given to the Legislature. That body is now the sole depository of the power, and must be its own judge of its exercise. Acting under the authority given by the Constitution, it has chosen the gentlemen who assembled here on the 18th inst., in pursuance of an act of the General Assembly passed during the session just closed, and whose official existence Gov. Caldwell re-

fused to recognize. We ask our readers to contrast the sections of the Constitution quoted above. They will see that sections 5, 13, 14 and 15 have been stricken from the Constitution of 1868, and the section last quoted substituted in their stead. They will see also that the Legislature in selecting Trustees kept within the spirit and letter of you claim to hold and exercise. I am | the Constitution, the desire being to secure the re-opening of the University at the earliest practicable mo-

> Gov. CALDWELL's conduct in the matter is but another manifestation of his desire to provoke a conflict with the Legislative Department of the government. It is in keeping with numberless other acts of his administration which deserve the severest rebuke and censure, and this step, we fear, was taken rather to gratify partizan malevolence than a ealous desire to maintain the prerogatives of the position he occupies. That will be the popular verdict.

Katie Putnam is kicking up a fume

FERTILIZERS.

1874 1874. FERTILIZERS! FERTILIZERS!

No. 1 Peruvian Guano, [Guanape.] No. I Peruvian Guano, [Guanape.]
Soluble Pacific Guano.
Lister's Standard Super Phosphate of Lime.
Whann's Rawbone super Phosphate of Lime.
Lister's Pure Ground and Dissolved Bone.

We again offer to the Planters of North Carolina, the above named HIGHLY approved We again offer to the Planters of North Carolina, the above named HIGHLY approved Standard Fert lizers.

These Guanos have been used season after season, and have uniformly given satisfaction, and we consider it unnecessary to give here any high sounding chemical analyses to induce the prudent farmer to use them, as the experience of several years tear testimony in the most satifactory manner as to their real merit and reliability.

In the above we are offering Fertilizers that can be relied upon, and no one need take the great risk of experimenting with anything new and entirely unknown, because it is offered at an apparently low price.

PRICES:

Soluble Pacific Guano, Cash \$50. Lister's Standard Super Phosphate, Cash \$50. Whann's Rawbone Super Phosphate, Cash \$55.

Nov. 1st, 1874, \$55 Nov. 1st, 1874, \$55 Nov. 1st, 1874, 860

It is an admitted fact, confirmed by many years of experience, that an ordinary application of approved Standard Fertilizers to Cotton and Corn increases the yield to douoie the production of the same soil unfertilized. This statement is not exaggerated; on the contrary the results more frequently exceed than fall short of the above increase.

SPECIAL TERMS:

We will sell a limited quantity of SOLUBLE PACIFIC GUANO and LISTER'S STANDARD SUPER PHOSPHATE OF LIME for a bale (400 pounds) of Cotton per Ton, and WHANN'S RAWBONE SUPER PHOSPHATE OF LIME for a bale (450 pounds) of Cotton per Ton of 2 000 pounds) of Cotton per Ton of 2 000 pounds.

PAYABLE NOVEMBER 1st, 1874.

We guarantee all FERTILIZERS sold by us to be FREE FROM ADULTERATION. Our Fertilizers can be procured of our Agents at various points in the State. Send us your orders early and we will give them prompt attention.

NORTH CAROLINA. The Oxford Orphan Asylum has 118 inmates.

A market house is one of the pressing needs of Oxford.

The Granville county roads are said to be in a very bad condition.

The special term of the Robeson Superior Court closed on Saturday. The tobacco trade is in a healthy state in Henderson. Prices are good. Work has not yet commenced on the Florence and Fayetteville Rail-

A new class is to be formed in the Oxford Building and Loan Associa-

We are delighted to hear that the temperance cause is gaining ground in Newbern.

Mr. John McConnaughey, of Salisbury, died very suddenly on Friday from apoplexy. Abram Yerks, an escaped convict

from Fort Macon, was arrested in Newbern on Wednesday. Mr. James Heaton, of Wilmington, has in his possession two letters in the handwriting of General Wash-

ington. Henry G. Latimer, the talented Wilmington artist, has painted a magnificent portrait of Bishop At-

kinson. Maj. J. W. Moore's lecture on Gen. R. E. Lee at the Oxford Orphan Asylum, on Tuesday evening, is highly

complimented. An old colored man, by the name of Jack Berry, was found dead on the road about 41 miles from Wilming-

ton, a few days ago. A new postoffice has been opened at the Hatter Shops, Providence township, Rowan county. W. G.

Hamilton is the postmaster. Mr. William Boesser, a highly respected merchant of Lumberton, was taken suddenly ill at his store on Saturday last and died on Sunday.

The smoke-house of Mrs. Clarissy Thompson, at Leesville, Robeson county, was broken into a few nights ago, and robbed of a quantity of

A crazy negro in the Granville county poor house, by the name of Lucius Eaton, had to have both of his feet cut off on Friday last on account of neglecting frost bites.

A serious stabbing affray took place in a Fayetteville saloon on Tuesday night, between two men by the name of Pettiford and Jones. Jones received a severe stab in the abdomen. and Pettiford was arrested and held to await the result.

It is reported that a Miss Lingle was raped on last Friday, in the neighborhood of Organ Church, Rowan county, by a negro fiend. The girl is said to have struggled desately. Search is being made for the perpetrator of the hellish deed.

The last great scandal is the "Sanborn contracts." Mr. Sanborn is, it. appears, a friend of General Butler, and as the latter generally turns up when there is any particularly fla-grant iniquity unearthed at Washington, he is supposed to have profited by the appointment of this man as a special detective and informer. Sanorn's business was to collect unpaid taxes, and his share was one half the amount. He went to work so diligently that over four hundred thousand dollars soon came in, of which he obtained over two hundred thousand. There is no reason to believe that the duty he performed could not have been undertaken just as well by the regular officers of the Government. In many cases collusion is suspected, regular taxes being left uncollected for his especial benefit.

A newly-married lady in Haddon-field, N. J., "just for fun" hid a toy snake in her husband's boot, a few days ago. The result of the joke was somewhat peculiar. The husband, on discovering the mock reptile, first took a critical look at himself in a mirror, and then going to a closet-seized his demijohn and threw it far out into a neighboring pond.

The New York Tribune says: "Dr. E ward Warien, the American surgeon, who recently er tered the service of the Khedive of Egypt, has been ma le Chief Surgeon of the Staff, and has been decorated with the grade of Bey for a surgical operation, by which the life of the Minister of War was saved after it had been despaired of by all the leading doctors of Cairo."

The conductor and engineer of a railroad running into Charleston, S. C., are now on trial in that city on a novel charge of murder. The train in the care of these men ran over a negro. Instead of an action for damages, an indictment was found, and the above parties placed in the dock. It brings up a very curious question of criminal negligence.

An Indian Prince, rejoicing in the euphonious appellation of the Maharajah of Gwalior, recently distributed one hundred thousand dollars in presents on the occasion of his marriage. Weddings of that kind would be immensely popular in this local-

The startling fact is announced that New York city has a drinking saloon to every 130 of her population, and collects \$559,596 for licenses. Out of 650 cases of violations of the Sunday law tried during the past week, all but one were dismissed for want of evidence.

The New Orleans Picayune sugists a State convention to decide the Louisiana question, with authority to say which, if either, is the legal government. It is feared, however, the Rads will hold on till they are kicked out.

Judge R. W. Hughes, of the United States District Court, has decided the act of the General Assembly of Virginia, passed June 27, 1870, allowing a waiver of the homestead exemption, to be unconstitutional.

The Senate Committee on Privileges and Elections of the Virginia egislature has decided that S. F. Maddox is entitled to a seat in that body from the 31st district. John C.

Robertson was the contestant. William B. Astor is nearly eighty years old, almost as venerable as Peter Cooper. He has seen the population of New York increase from 50,-000 to 1,000,000, and the Astor estate

expand from \$200,000 to \$50,000,000. An elegant hop took place at Fortress Monroe on Tuesday envening.

WM. R. GRIFFITH, of Baltimore, General Agent.

Petersburg, Va., December 17th, 1873. To the Farmers and Guano Dealers of North Carolina and Virginia: Gentlemen: To the mary of you with whom I am personally acquainted, I would say, that of good results from GUANAHANI GUANO, I have not the shadow of a doubt. Containing, as it does, in such large amounts, the essentials for plant food, success from its application would seem certain. It being of animal origin, you will see at once that its ingredients must be all soluble in the soil. Its nitrogen, from nitric acid, is the most available form known to chemistry; the other part, from undecomposed animal matter, is preferable to the volatile salts in Peruvian Guano. I ask of each of you the kindness of a thorough examination of the accompanying analyses by two of the great chemists of the country. With respect, yours truly.

ness of a thorough examination of the accompanying and statements of a thorough examination of the accompanying and statements are statements. WM. R. GRIFFITH, General Agent. THE COMPANY GUARANTEES THAT EVERY CARGO WILL BE ANALYZED BEFORE IT IS OFFERED FOR SALE.

GUARANTEED ANALYSIS. Ammonia, from both Nitrogen and Nitric Acid....
Bone Phosphate of Lime..... LETTER FROM PROF. WM. C. KERR, STATE GEOLOGIST OF NORTH AROLINA: Raleigh, N. C., January 7th, 1874. Wm. R. Griffith, Esq., General Agent Guanahani Guano Company, Petersburg, Virginia:
Dear Sir: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown

me is Chemical Minerologise to the Geological Survey, and has no superior as a chemist. I have no hesitation in endorsing any analysis from his laboratory. And I think the analysis justifies his statement that the substance examined by him is a VALUABLE MANURE. From his report, and that of Prof. Wilson, it is evidently a TRUE GUANO, both in origin and composition, and its action on crops may be expected to be the same in kind and in degree proportioned to its relative per centage of the valuable ingredients—Phosphoric Acid, Ammonia and Potash, that of the first being unusually high.

Yours truly, W. C. KERR, State Geologist.

ANALYSES. The following analyses of different cargoes and samples by two of the leading chemists of the country, are given for the guidance of the public: * LETTER OF PROF. P. B. WILSON, LATE ASSISTANT OF BARON J. VON LIEBIG. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

Baitimore, December 1st, 1873.

MAJ. N. M. TANNOR, President Guanahani Guano Company, Peter burg, Va.:

Dear Sir: I have drawn samples of the Guano, as it has arrived in cargo lots, and find it exceedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 to 19 per cent. This is combined with Lime, and is of animal origin, and readily assimitable by plants. It contains potential ammonia and nitric acid, having a combined Nitroget value equal to from 2 to 3 per cent. of ammonia, with the alkalies Potash and Soda, and valuable proposed to sof sulphate of Lime. The whole forming a very desirable combination for all crops, and when applied to land, the crop receiving proper tiliage, must, in my opinion, give as good results as any guano offered to the farmer.

Beint of animal origin, the organtic matter has undergone partial decomposition, and it accessarily contains a valuable amount of Humus, which makes its fertilizing power much greater than fertilizer-which are compounded large y of Peruvian Guano, which, beyond its ammonia and small phosphatic value, has little or no power in absorbing from the atmosphere and retaining in the soil the movable elements absorbed by moisture and brought down by the rains, as the guano you are now placing upon the market. Baltimore, December 1st, 1873. ture and brought down by the rains, as the guano you are now placing upon the market. All of the components of this Guano are very soluble in the soil, and possess such physical properties as to render it at all times and ui der all circumstances as in mediately

The late samples you sent me f r analysis, from the deposit which you inform me you intend to ship from, show a dec ease in the phosphatic value, but a large increase in its nitrogen compounds. I think, however, from previous observations of cargoes, that you may reasonably expect, that eargoes taken from where these samples were drawn, will materially improveed in the saline compounds, (phosphates, alkalies and magnesia.

Respectfully, &c., P. B. WILSON, Analytical and Consuiting Chemist.

Baltimore, December 1st, 1873. 11.99 per cent. 1.46 per cent. Equal to Ammonia......

CHEMICAL LABORATORY OF PROF. P. B. WIL ON, No. 30 SECOND ST.,
Baltimore, November 29th, 1873.

Maj. N. M. Tannor, President Guanahani Gnano Company, Petersburg, Va.,
DEAR STR: The sample of Guano marked No. 19, Chart S, contains:

Moisture (dried at 313° F.). 24.82 per cent.
Organic Matter. 28.32 per cent.
Nitric Acid. 6.76 per cent.
Having Nitrogen value to Ammonia. 2.13 per cent.
Inorganic Matter. 46.86 per cent.

P. B. WILSON, Analyt. and Consulting Chem. Respectfully, etc., UNIVERSITY OF PENNSYLVANIA, WEST PHILADELPHIA, 19th, 1873. West Philadelphia, 19th, 1878.

Maj. N. M. Taannor, Petersburg, Va.,
Dear Sir: In compliance with your request, I have analyzed sample of "Guanahani Guano," and have made additional exam nation of an average sample from a lot of 300 tons, the result of which, I beg to embrace in the following. The Guano is a brownish powder, with lumps of combinations of lime with Carbonic Phosphoric and Nitric acids, it contains a considerable quantity of water (about 20 per cent.), and when dried is a paler brown powder. The Guano is evidently of animal origin, and the ninute bones, which were discovered in the same, indicate that it is the result of the decay of bats mice, &c. The quantity of organic matter, which is still present, is about 12 per cent., and this yields about 22 per cent. of ammonia. A portion of the nitrogen is present, and this yields about 32 per cent. was found. All the nitrogen present would be equivalent to about 32 per cent. of bone pho phate. A considerable quantity of the phosphoric acid, ho wever, is present, as so-called neutral phosphate of lime, which, being slightly solved in water, renders the Guan as quick in its action as a corresponding quantity of superphosphate would do. The small per centage of pot—sh, which was found in the analysis, aids to its value.

From all the experiments which I have made of the Guanahani Guano, no doubt can exist that it is a valuable manure.

Yours truly,

University of Pennsylvania.

University of Pennsylvania,
West Philadelphia, Nov. 28th, 1873.

To N. M. Annor, President Cuanahani Guano Company, Petersburg, Va.

Dear sir: The sample of Guano analised in compliance with your favor of 21st and 25th, for phosphorie, nitriciand sulphuricials, and ammonia, potash, soda, lime and magesia, contains as follows:

Phosphoric Acid.

Equivalent to Bone Phosphate of Lime, 26.61

Nitric Acid.

Supphyric Acid.

Potash

Soda.

Lime Soda,.... Soda,... Lime,... Mag nesia,... F. A. GENTH. Nitrogen, equivalent to Ammonia, Yours, truly, WHOLE AMOUNT OF AMNONIA

CERTIFICATES:

STATE OF MARYLAND, TREASURY DEPARTMENT, Comptroller's Office, Annapolis, September 29th, 1873.

E. T. Wroth, Esq., Baltimore, Md.;
Dear sir: Yours in regard to the Guano was received some time ago, and as I know very little, personally, about the effect it had, I laid it aside until I could go home and in quire. I learn that it did improve the wheat to some extent. I did not apply any other Guano. I applied

Bone Dust, and I learn your Guano was of about the same efficacy in fertilizing, so far as the appearances of the crep indicated.

Please send me a bill for Guano, and I will send you a check.

I > m, very truly, in haste, yours, &c.,

LEVIN WOOLFORD.

[Letter from Ex-Governor Smith.] Warrenton, Va., August 4th, 1873. Mr. E. A. DUNLAP,

I sar Sir: The extraordinary coaracter of the season (a rain almost every day,) puts it
wholly out of my power te form an estimate of your Guano. The crops of corn and rustabagas to which it applied, look very fine.

Yours, truly.

WM. SMITH. Bethel Academy, Fauquier County, Va., July 24th, 1873,

Mr. E. A. DUNLAP.

Dear Sir: I used your Guano on my wheat last fall, and I am highly pleased with it. Think it is as good as the high priced Guanos. I have a good paying crop of wheat, and the best s' and of grass I ever had, and this is the opinion of those who have seen both, notwithstanding the unfavorable winter and early spring. I shall use it again this fall.

Yours,

[This crop of wheat, 28 bushels to the acre, was noticed in the Warrenton and Alexandria papers, as the finest crop in Mr. Smith's county.]

GUANAHANI GUANO!

GUANAHANI GUANO! Warrenton, Va., July 17th, 1878.

I used your Guano on wheat last year, and consider it equal to any guano I ever used pleases me well.

LEWIS SHUMATE.

Bethel Academ, Fauquier County, Va., November 12, 1873. E. A. DUNLAR, Esq.,

Dear Sir: If I could have made collections, I certainly would have used two tons o
the Guano you sent me this fall.

I consider it better for wheat than any other Guano that has been used in this county
since the war.

Respectfully yours, M. C. BLACKWELL. Raltimere, December, 1873. Mr. E. A. DUNLAP,
Dear Sir: The Guano purchased from , ou, was used upon coin by the side of one of
the best ammoniated soluble phosphates in the market. The quality of the land was
the same as was the quantity of guano and phosphate used. The corn where the Guane
was used appedered to start sooner, and in the fall was fully ten inches higher and ripened earlier than where the Phosphate was used.

Very respectfully, &c.,

Late firm of Neale, Harris & Co, Commission Merchants.

We, the undersigned, have sold your Guano for two seasons. Those that have purchased are buying again, and are pleased with the results.

L. KELLUM & CO., 119 Hillen street, Baltimore.

Cheston, Near Queenstown, Md., August 13th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: I have your favor of ith inst., making inquirles as to the results from application of the Guano which you sent me last fair. I applied it at the rate of 170 pounds per acre—the same quantity as of the other fertilizers I was then using. The wheat throughout the field bore much the same general appearance, with perhaps something in favor of your Guano. The grain of my crop on that field was generally of fine quality, and I cannot say that I observed any perceptible difference in its appearance.

The result in quantity, (the most important point,) I regret not to be able to give you. Threshing my crop by steam power, my attention was occupied at many points, at the same time, and on one of these occasions this particular parcel of wheat was threshed before I was aware of it, and without any note of its comparative yield. I therefore cannot pronounce positively in its favor, over others; but, from its general appearance, I judge it quite equal to other standard fertilizers of established reputation.

Very respectfully yours,

Wm. HENRY DECOURCY. Cheston, Near Queenstown, Md., August 18th, 1873.

Baltimore, November 17th, 1878. E. A. DUNLAP, Esq..

The Guano I had of you last Spring, I used on corn. It produced a first rate crop. I used about 200 lbs. per acre. Of E. D. Hoopes & Co., 226, 228 & 230, Fenn. Avenue, Baltimore, Md. Dealers in Grain Country Produce, Guanos, &c.

Somerset County, Md., Westover, August 8th, 1873. E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: Yours of the 4th received and contents noticed. You must excuse me for not reporting to you sooner the result of the experiment with your Guano. I seeded it by the side of * * * * * 's Raw Bone Super-Phosphate, at the rate of 150 ibs. to the acre, of each. Whilst growing, I. nor any to whom I showed it, could not perceive the least difference. The yield was equally good—about 25 bushels to the acre. I consider it equally as good as * * * * 's, in every respect. Please inform me the price, as I intend using some on wheat this fall.

Very respectfully yours, THOS. SUDLER. Mount Airy, Carroll County, Md., November 13th, 1873. Mount Airy, Carroll County, Md., November 13th, 1878.

WM. R. Griffith, Esq., General Agent,
In reply to yours of the 12th, will say, the farmers can say but little, as yet, in regard
to Guanahani Guano. But Maj. A. G. Davis, who used one bag, by the side of several
other fertilizers, says, so far, the Guanahani looks better than any of the others. All
parties say, so far, they can see no difference in their grain wherever it is up sufficient
to judge. By the pring, I can give you a more satisfactory report. Hoping to have the
pleasure of a visit from you, soon,
I am, truly yours.

I am, truly yours, W. H. B. DORSEY. P. S.-I have commenced making a stir for the Spring trade.

San Marino, Dinwiddie Co., Vs., November 15th, 1873.

W. R. Griffith, Esq.,

Dear Sir: Yours of the 12th ibst., was received on yesterday, and, in compliance with your request, I hasten to reply. I purchased half ton of Guanaham Gua o, from Messrs. Rowlett & Tannor, 1st of October, 1873, to use upon my wheat crop, as an experiment. I applied it 200 lbs. per acre. The wheat was seeded from the 10th to the 17th of October I was very careful in the application, leaving two strips of land through the field; one of an acre. the other two acres The one acre strip was manured with *** ** Phosphate. The two acres strip was in tobacco, heavily manured with stable manure and **** **

Tobacco Fertilizer. I also added * strip of very poor land (stabble) on one end, three-fiths of an acre. Upon this I applied 100 lbs. of Guanahami, and also moistened the wheat and rolled it in the Guano. (I mean the wheat sown upon this three fiths sirip.)

The season has been favorable, and the young wheat is tooking very well; and that upon the narrow strip of poor land, equally as good as upon the heavily manured tobacco land. I am satisfied hat the Guano is acting upon this trip of wheat, as the land was very poor. I do not think that it would be well for me to make a positive assertion just yet, bu will carefully note the result and let you hear from me again.

Yours respectfully.

THOS. F. RIVES. San Marino, Dinwiddie Co., Va., November 15th, 1873.

Kingston, Dinwiddle Co., Va., November 26th, 1873.

ELKANAH WISE

Messrs. Rowlett & Tannor,
Dear Sirs. In repiv to your inquiries in regard to the Guanahani Guane, which I purchased last summer, I can only say that I applied it on my wheat crop, sowing it broadcast and plowed it in with the wheat. So far I am vary much pleased with the Guano. Where I used it, the wheat looks better than any I have seen, and my neighbors who have seen it, consider it so. I applied it the first of October, and it shows very plainty

Messrs. ROWLETT & TANNOR,

Messrs. BISHOP & BRANCH,

over the wheat where there was nothing us d. Very respectfully, [Note.—Mr. Mitchell has since ordered 10 tons for his Spring crops]

Millstone Landing, Md., December 1st, 1873. Mr. E. A. DUNLAP,

Dear Sir: I am just in receipt of your letter, but regret that I did not receive it sooner.

I used your Guano side by side with * * * * * * s Ammoniated Super-Phosphate, and could perceive no difference, only in growth of the straw. The straw from * * * * * * s rather the largest. The grass from it was equally as good, and I do not hesitate in recommending it to farmers as a reliable fe: tilizer.

Very respectfully,

Dinwiddie County, Va., November 21st, 1873. Messrs. McILWAINE & Co., Petersburg, Va., Gentlemen: I used the Guanahani Guano, purchased of you, on wheat at the rate of 300 lbs. per acre, on corn land. The wheat is looking well. I think it will prove a good Respectfully, A. M. ORGAIN. Sussex County, Va., December 12th, 1873.

Sussex County, Va., December 12th, 1873.

Messrs. Rowlett & Tannor, Petersburg, Va.,

Dear Sirs: I used on my wheat, sowed about the 1st of October, a half ton of Guanahani Guano, and so far I am very much pleased with its action. Where I used the
Guanahani the wheat is looking remarkably well—a great deal better than the wheat
sown on a pea fallow. Very respectfully, J. N. WINFIELD. Prince George County, Va., December 16th, 1873.

Messrs. BISHOP & BRANCH,
Sirs: You ask me my opinion of the Guanahani Guano I puechased of you last fall.
I used the guano on my wheat, but owing to the unfavorable fall for the growth of wheat, it would be impossible for any manure to show its strength fully. Fowever, I think the guan oa good fertilizer, from the fact, that the wheat looks as well as it does where a well known fertilizer was used that cost nearly double the money.

Respectfully, A. G. JORDAN.

Petersburg, Va., December 16th, 1873.

WM. R. GRIFFIIH, General Agent of the Guanahani Guano Company,
Dear Sir: In reply to your enquiry about the action of the Guanahani Guano on my
wheat crop, I would say, up to the present time it is looking very well.

SAMUEL H. JONES,
Prince George County, Va. Broad Run Station, Fauquier County, Va., December 4th, 1873.

Broad Run Station, Fauquier County, Va., December 4th, 1873.

Mr. E. A. DUNLAP,
Dear Sir: I left one row without your fertilizer, and used it on the next row. I used at the rate of 200 pounds to the acre. I had the corn care uily gathered separate, and found the result as follows: From the Guano row I shelled one bushel and nearly a half gailon; from the row without guano I got a half bushel and not quite a quart; making fully double where I used guano. The growth of stalk was not proportionately heavy—the strength seemed to go to the grain. I think it an excellent Spring fertilizer. The laud I tried it on was quite thin.

Yours. &c.. Yours, &c., A. D. SMITH.

Poplar Mount, Greensville County, Va., December 17th, 1873.

Mes rs. Rowlett & Tannor.

Gentlemen: Yours of the 15th is received. You ask "How I like the Guanahani Guano, so far?"

In reply I have to say that I used five bags last fall, experimentally. I applied four bags to wheat at the rate of 200 pounds to the acre. I used the same quantity (200 pounds) on winter oats. The wheat was not sown until about the 20th of October, but has already a healthy, vigorous blade. The present indications lead me to believe that it is decidedly superior to any of the sup-r-phosphates.

The winter oats we e sown the last of September. In the application to this crop, I have, in consequence of earlier seeding, a better opportunity of observing the effect of the Guanahani Guano. Here it is most marked and decided. It reminds me of former days, when, for a noderate outlay of money, the farmer purchased the pure Chinchs Island, (unadulterated) Peruvian Guano.

I wish to try some of this Guano next year on cotton and tobacco.

I am, very truly yours.

GEORGE W. FIELI.

GEORGE W. FIELI. The Company recommend an application of from 200 to 250 pounds per acre, but not over the larger amount.

As it will be impossible to bring but few theusand tons to this country in time for the spring irade, orders must be sent tan early day to secure it.

For further information apply at the office of the GUANAHANI GUANO COMPANY, PETERSBURG, VIRGINIA. N. M. TANNOR, President.

MEDICAL EXAMINER:

The Cuban War-Defeat of the Spanish-The Times and the South

Carolina Tax-Payers. NEW YORK, Feb. 20.—Capt. Morton, of the steamship Moro Castle, from Havana, reports that in the engagement about February 1st, a column of Spanish troops, twelve hundred strong, were utterly defeated by the insurgents, incuring a loss in killed, wounded and prisoners of six hundred men. The intelligence is, and Capt. Morton regarded it as trustworthy, that the Spaniards have been worsted in every engagement.

The Times says of the memorial of the South Carolina Tax-Payers' Convention, which it; publishes: memorial has been addressed by the citizens of South Carolina to Congress praying for relief from some burdens under which they are suffering. The address is a document which demands attention. Congress cannot ignore The revelations made are most extraordinary, and certainly they will not be read with pleasure by any section of political parties. We hope it will be found that something can be done for South Carolina before Congress separates."

The New English Ministry. LONDON, Feb. 19.-The Times' issue says that the new Ministry, is the Right Hon. Benjamin Disraeli, First Lord of the Treasury; Baron Cairns, Lord High Chancellor; Earl Derby Secretary of State for the Foreign Department; Duke of Richmond, Secretary of State for War; Marquis of Salisbury, Secretary of State for India; Earl Carnavon, Secretary of State for the Colonial Department; Right Hon. George Ward Hunt, Secretary of State for the Home Department; Right Hon. Gathorue Hardy First Lord of the Admiralty; Right Hon. Sir Stafford Northcote, Chancellor of the Exchecuer. The Times also says that Lord Lenox is to be Commissioner of Works and Buildings; Capt. Stanly, Under, Secretary of State for War; Sir John Charles Hay, Secretary to the Admiralty, and Lord Hamilton, Under, Secretary for the Foreign Department. A dense fog hangs over London to-

FROM WASHINGTON. Unimportant Congressional News-Beck and Crossland Beg Mutual

Pardon. WASHINGTON, Feb. 20.—SENATE— Sherman explained an error in the recent tarriff bill where a comma was inserted after the word "fruit," and said the errror was not made in the Senate, but in the House copy. The House is considering private

business. Beck and Crossland, of Kentucky, apologised to each other and the House for some little unpleasantness that occurred between them yester-

MIDNIGHT DISPATCHES.

Items about the Departments-Death of Hon. Louis T. Wigtall, of Texas
-Congressional News-Conkling's Supplemental Enforcement Act,

Washington, Feb- 20.—There was a brief Cabinet meeting. The Indian bill appropriates five millions, which is a reduction of one million and a half on estitmates. Admiral Davis to-day succeeded Admiral Sands as Superintendent of the Naval Observatory. Sands is re-

tired under the longevity act. Gen. Morgan addressed the Committee on Privileges and Elections on the Sykes-Spencer contest. He continues the argument on Monday.

No action. The contest over the Atlanta Post office before the Senate Committee,

continued to-day. No action. General Louis T. Wigfall, of Texas,

House-Private bills and District of Columbia affairs occupied the day. SENATE-Sherman said that the comma vs. hyphen involved a loss of a half million.

West said that he dissented from the proposition that this error had cost the country half a million of dollars. The fact was that the Government had collected that much less from the people, and the people had saved that amount. The Committee on Enrolled Bills were instructed to enquire into the

propriety of printing instead of writing bills on parchment. Finances were resumed. Mr. Ferry moved to lay the bill and all amendments on the table. Lost by a vote of 17 to 36. Finally, Merrimon's amendment, instructing the Committee to report, as soon as practicable, a bill providing for the increase of the National Bank circulation so that the whole volume thereof shall not

exceed four hundred million dollars, was adopted by a vote of 28 to 25. Davis, of West Virginia, moved an amendment instructing the Committee to report so as to provide for free banking under the present National Bank law, which was rejected with-

out a division. The question then recurred on Buckingham's motion to recommit. Cameron moved that the Senate proceed to the consideration of Execu-

tive business. Schurz announced his intention to speak at length.

Adjourned. Conkling's bill to amend the sup-plemental enforcement act of February 28th, 1871, is a copy of the bill introduced by Mr. Lawson, in House of Representatives on the 9th inst, relating to registrations, the naturalization of aliens, etc.

Miscellaneous Items. Augusta, Feb. 20th.—The Senate voted 14 to 12 to abolish the death

penalty. LONDON, Feb. 20th.—American Minister Schenck leaves for home, to be absent three months. Moran will act in the meantime.

Paris, Feb. 20.—The Minister of the Interior has sent a circular to the Prefects, directing them to keep a watch upon the citizens who leave their departments for Chiselhurst, for the purpose of doing homage to the Prince Imperial on the occasion

of his becoming of age.

Contumacious Females. Worcester, Mass., Feb. 20.-The estates of S. Sand, Abby Kelley Foster, Sarah Wall and Marcetta Flagg, who refuse to pay taxes until women can vote, were offered for sale by the Tax Collector to-day to pay the taxes of 1872. The last named was bought in by a friend, but no one bid for either of the other estates. The sale has been adjourned until tomorrow.

The South Carolina Tax-Payers' Convention—Its Resolves and Adjournment.

COLUMBIA, S. C., Feb. 20.—The Tax-Payers' Convention adjourned to-day, after four day's session. A report was adopted instructing the Executive Committee to prepare a Consitution and Laws for county organizations, to be known as Tax Unions, to be established in every county in the State. All citizens, white and black, who pay taxes to be admitted to membership. The object is to pros-ecute criminal and dishonest officials, and endeavor to relieve the burden of taxation. A resolution was adopted appointing a Committee to appeal to the State Legislature for redress of grievances, and a Committee of fifteen of the most prominent citizens of the State were appointed to go to Washington to lay before Congress a memorial.

A letter was received from certain bond-holders in New York protesting against any action on the part of the Convention looking to the repudiation of the State bonds. On motion, the Convention resolved that when the honest people of the State get possession of the government they will do what is just, fair and equitable amongst all its creditors.

The Convention adopted an address to the people of the State setting forth that it had appealed to the Legislature and to Congress for redress of their wrongs, and advising them to organize in a lawful manner, and GRANGE MOVEMENT prosecute in the Courts of the State all dishonest officials. The Convention then adjourned

subject to the call of the Executive Committee.

Weather Probabilities. WASHINGTON, Feb. 20.-For the South Atlantic States, southeast and southwest winds, partly cloudy weather and possibly occasional rain.

MISCELLANEOUS. DOUBLE ACTING FORCE PUMPS,

Solid Porcelain, Iron, Brass or Block Tin Pumps. Premium will be paid by me to be shown a family or factory pump to equal mine in general merit. Four years experimenting and perfecting these Pumps, and twenty years steam milling and steam-boiling where pumps were of much consideration, enables me to guarantee entire satisfaction. I make two class of pumps, seven sizes, and a dozen different styles, to go by hand or power. These pumps, covered by letters patent, have taken the medal and premium over all domestic pumps in the State. Been tested in over fifty fires and saved millions by extinguishing the fires on dwellings, cotton gins, saw mills, turpentine distille ries, tobacco and cotton factories, and not one overcome yet. Hundreds of those in wells eighty-five teet and under over three years, without even the expense of repacking. They are all changed in half a minute by attaching hose from a common pump to a fire engine, throwing thirty to hundreds of gallons per minute, according to size, on the roof of three story buildings. Send for price list.

Steam and water pipes, hose, hose coupling and pipe furnished and fitted.

TAYLOR GIN! which is acknowledged by those who have which is acknowledged by those who have used it to have no superior, and is confidently recommended by us to all in want of a thoroughly reliable machine. We are manufactured, upon liberal terms and short notice. Any person wanting a Giu should order it AT ONCE, that we may have it here in time

WILLIAMSON, UPCHURCH & THOMAS. MISCELLANEOUS.

The recent invention of J. B. UNDER-WOOD, of Fayetteville, N. C., is the great-LABOR SAVER OF THE AGE. With ONE MAN and ONE HORSE, it does the work of from SIX to TWELVE men and from TWO to FOUR horses. It bars both sides, weeds, chops and dirts the cotton at the same time. After the chopping, it is converted into a most excel-

CULTIVATOR, for use throughout the season. It has taken the Gold Medal at the Georgia state Fair, as the most important and latest improvement in Agricultur of Implements, and the first promium everywhere it has been exhibited. It bears the highest testimonials of its thorough, practical success. of its thorough, practical success.
